

July 19 1943

Mr Cum Posey
312 E. 13th St.
Homestead Pa.

Dear Posey:

I see you do not receive any of the mail sent to The ballclub at the office. I sent the treas. statement for June 15th to 616 Amity St. In the statement was listed "all the money that had been paid and received to date. I am enclosing the July 15th statement in this letter, so you can see it first. Please send it to the office, if it should be kept on file there.

I have written See at least three times, and asked him to send me the statement of his advances to umpires, list the salary advances, and railroad fare, and expenses seperately. That is the only way we can check. Every club has done this but The Grays. Try and get this to me before I leave for the west.

You asked to be notified of players who push umpires. Harry Williams of The Yankees pushed the base umpire in Newark Sunday (four times), all the same argument. It will not do to let them get away with this kind of stuff. They will get worse as they go along.

If we keep up in first place, we might be having a playoff with you Ha! I am hoping we will look good in Washington the 8th.

Very Truly Yours
